Johnson BOATS / 1966

NEW JOHNSON *CAPRICE*

If there's a touch of the devil in you . . . this new hustler from JOHNSON is your key to boating fun for 1966!

A raffish little pocket-yacht with touches of grandeur is the new CAPRICE model . . . styled in sparkling red, and powered with the husky, quiet JOHNSON V-90 h.p. stern-drive engine. The new SeaFoil hull gives you a "soft-V" ride that's the smoothest on the water.

Three-position, deeply comfortable bucket seats . . . handsome sand-colored trim, upholstery and skid-proof vinyl floor. Tinted safety glass windshield that folds down . . . and is also equipped with a special adjustable vent.

Convertible top, glove and storage compartments, steering, full instrumentation and remote control are all built-ins with this boat . . . built-ins rarely found in boats of this size. Easy to dock, easy to trail, and it's the skier's delight! You'll take pardonable pride in your own nameplate on the dash that will

let everyone know she's yours.

Fun is the word for the CAPRICE, by JOHNSON.

NEW JOHNSON *SURFER*

*The latest thing in space craft . . . with a real stinger
in its tail . . . your choice of 200 h.p. V-8 or 150 h.p. V-6!*

When JOHNSON'S new space craft says, "come fly with me," the invitation is good for a party of NINE! Detachable fold-down bucket seats are foam comfortable, and there's even a captain's table to gather 'round. This is space that sizzles with a power choice that lends real authority to your hand on the throttle! 200 h.p. V-8 or 150 h.p. V-6! New SeaFoil hull creates its own cushion of water, gives you the smoothest ride in boating . . . practically runs away from a wake that's so flat it's a boulevard for skiers. Excellent for deep-sea fishing, and the floor will accommodate fighting chairs, too.

See your JOHNSON boat dealer and let this husky new JOHNSON speak for itself!

All JOHNSON trailers are custom-made expressly for each of the 5 JOHNSON boat models. SEASPORT and DELUXE trailers are styled in white. Trailers for the CAPRICE, REVELER, and SURFER are brilliant red. All are available with and without brakes, except the trailer for the big SURFER, available only with electric brakes.

JOHNSON Trailers Are Built Only For YOUR Boat!

It's easy-as-you-go with the custom JOHNSON trailer. Trailer bed tilts for an easy launching angle, and a geared winch gives you easy, straight pull from any angle. The three-stage, electric-surge braking system is independent of your car. A unique suspension system eliminates shock absorbers and never needs lubricating. Bearings, brakes, wiring, directional signals and stop lights are waterproof.

All-New Johnson Boats for 1966

NEW JOHNSON *REVELER*

*Fair warning! You'll fall in love with this golden blonde!
Rich . . . luxurious . . . and with a choice of 120 or 150 horsepower!*

Put her through her paces. With a choice of a straight 4 at 120 h.p., or the eager V-6 at 150 h.p., this luxurious runabout of rich gold, trimmed in saddle-brown vinyl, is the queen of the fleet for 1966! Back-to-back lounge seats offer three positions for comfort, and they're deep foamed comfort at its best. Her flat wake puts skiers on easy street. Talk about styling? All her curves are in the right places . . . and the new SeaFoil hull has the smoothest way with water you've ever known. Full instrumentation, easy-up convertible top, power tilt lower unit, torque-free steering, running lights, anchor light, blower and bilge pump, safety glass windshield, 16-gallon fuel tank . . . more, more and much more you'll find when you check this out with your JOHNSON boat dealer.
